

# San Diego Medical Center

A recognized leader in research and specialized care

## Care in many languages

Through our Qualified Bilingual Staff program, we identify and qualify caregivers who can assist members in Spanish, Cantonese, Mandarin, Vietnamese, Tagalog, and American Sign Language. Members may also use our AT&T Language Line telephone interpreters for help in 140 languages, including Hindi, Russian, Farsi, and more.

## By the numbers

Serving more than 500,000 members, our San Diego Medical Center is a nationally recognized hospital that offers a variety of specialized services, including infectious disease care, genetics, and occupational health care. The facility has:

- 392 beds
- 12 labor and delivery beds
- Nearby occupational health center
- 830 physicians
- 56 Emergency Department beds

## Raising the bar for specialized care

When special medical attention is required, we offer centers where physician specialist focus on one particular area of medicine such as spinal surgery or cardiovascular care. At these centers, doctors and their teams perform high volumes of specialized procedures. Aided by the latest technology and research, these medical teams often break new ground as they work toward optimum results. Centers at this facility include:

- Pediatric surgery
- Neonatal intensive care
- Plastic surgery
- Neurosurgery

## Recognized for high-quality care

Our San Diego Medical Center has been recognized as a state and national leader by many organizations, including the Disease Management Association of America and the Leapfrog Group, an initiative whose mission is to trigger giant leaps forward in the safety, quality, and affordability of health care. Take a look at some of its prestigious awards.

- A Consumer Choice award from the National Research Corporation
- A medal of Honor for Organ Donation from the U.S. Department of Health and Human Services for successfully increasing organ donations
- A Making Medicine Mercury-Free award from Practice Greenhealth

## Award-winning cancer treatment program

Home to our Southern California Oncology Research Program, our San Diego Medical Center recently received the Clinical Trial Participation Award from the American Society of Clinical Oncology (ASCO) and the ASCO Cancer Foundation. ASCO named this facility as one of the only 10 community oncology practices in the country to perform clinical trials that have improved the care of people with cancer.
